

The Minnesota Noxious Weed Law (MN Statutes 18.75-18.91) defines a noxious weed as an annual, biennial, or perennial plant that the Commissioner of Agriculture designates to be injurious to public health, the environment, public roads, crops, livestock, or other property. The purpose of the law is to protect residents of the state from the injurious effects of noxious weeds.

There are currently forty-one plant species regulated as noxious weeds in Minnesota. Twenty-two plants are listed as [prohibited noxious weeds](#) which consist of two regulatory lists– 13 plants listed on the [prohibited eradicate list](#) and 9 plants listed on the [prohibited control list](#). Prohibited noxious weeds must be eradicated or controlled in accordance with the Minnesota Noxious Weed Law. Fourteen species are listed as [restricted noxious weeds](#) and are prohibited from importation, sale, and unlawful transportation in Minnesota. Five species are listed as a [specially regulated plants](#) that can be enforced under specific conditions.

**Prohibited Noxious Weeds** – Attempts must be made by all landowners to control or eradicate species on these lists. These species cannot be transported without a permit or sold in Minnesota

**Eradicate List** –must be eradicated by killing the above and belowground parts of the plant.

1.	Palmer Amaranth	<i>Amaranthus palmeri</i> S.Watson
2.	Oriental Bittersweet	<i>Celastrus orbiculatus</i> Thunb.
3.	Diffuse Knapweed	<i>Centaurea diffusa</i> Lam.
4.	Brown Knapweed	<i>Centaurea jacea</i> L.
5.	Yellow Starthistle	<i>Centaurea solstitialis</i> L.
6.	Meadow Knapweed	<i>Centaurea x moncktonii</i> C.E. Britton
7.	Black Swallow-wort	<i>Cynanchum louiseae</i> Kartesz & Gandhi
8.	Grecian Foxglove	<i>Digitalis lanata</i> Ehrh.
9.	Common Teasel	<i>Dipsacus fullonum</i> L.
10.	Cutleaf Teasel	<i>Dipsacus laciniatus</i> L.
11.	Giant Hogweed	<i>Heracleum mantegazzianum</i> Sommier & Levier
12.	Japanese Hops	<i>Humulus japonicus</i> Siebold & Zucc.
13.	Dalmatian Toadflax	<i>Linaria dalmatica</i> (L.) Mill.

**Control List** –must be controlled preventing the maturation and spread of propagating parts.

1.	Common Barberry	<i>Berberis vulgaris</i> L.
2.	Narrowleaf Bittercress	<i>Cardamine impatiens</i> L.
3.	Plumeless Thistle	<i>Carduus acanthoides</i> L.
4.	Spotted Knapweed	<i>Centaurea stoebe</i> L. ssp. <i>micranthos</i> (Gugler) Hayek
5.	Canada Thistle	<i>Cirsium arvense</i> (L.) Scop.
6.	Leafy Spurge	<i>Euphorbia esula</i> L.
7.	Purple Loosestrife	<i>Lythrum salicaria</i> L., <i>L. virgatum</i> L.
8.	Wild Parsnip	<i>Pastinaca sativa</i> L. (Except for non-wild cultivated varieties)
9.	Common Tansy	<i>Tanacetum vulgare</i> L.

**Restricted Noxious Weeds** - may not be sold, transported without a permit, or intentionally planted in Minnesota.

1.	Tree of Heaven	<i>Ailanthus altissima</i> (Mill.) Swingle
2.	Garlic Mustard	<i>Alliaria petiolata</i> (M. Bieb) Cavara & Grande
3.	Porcelain Berry	<i>Ampelopsis brevipedunculata</i> (Maxim.) Trautv.
4.	Crown Vetch	<i>Securigera varia</i> (L.) Lassen formerly <i>Coronilla varia</i> L.
5.	Wild Carrot/Queen Anne's Lace	<i>Daucus carota</i> L.
6.	Glossy Buckthorn (and all cultivars)	<i>Frangula alnus</i> Mill.
7.	Amur Honeysuckle	<i>Lonicera maackii</i> (Rupr.) Herder
8.	Morrow's Honeysuckle	<i>Lonicera morrowii</i> A. Gray
9.	Bell's Honeysuckle	<i>Lonicera x bella</i> Zabel
10.	Common Reed (non-native subspecies)	<i>Phragmites australis</i> (Cav.) Trin. ex Steud. ssp. <i>Australis</i>
11.	Common or European Buckthorn	<i>Rhamnus cathartica</i> L.
12.	Black Locust	<i>Robinia pseudoacacia</i> L.
13.	Multiflora Rose	<i>Rosa multiflora</i> Thunb.
14.	Tatarian Honeysuckle	<i>Lonicera tatarica</i> L.

**Specially Regulated Plants** –shall be handled, controlled or eradicated according to specified regulations.

1. **Poison Ivy** (*Toxicodendron radicans* L. Kuntze and *T. rydbergii* (Small ex Rhdb.) Greene)  
Must be eradicated or controlled for public safety along rights-of-ways, trails, public accesses, business properties open to the public or on parts of lands where public access for business or commerce is granted. Must also be eradicated or controlled along property borders when requested by adjoining landowners.
2. **Japanese Knotweed** (*Polygonum cuspidatum* Seib. & Zucc.)
3. **Giant Knotweed** (*Polygonum sachalinense* F. Schmidt ex Maxim.)  
Any person, corporation, business or other retail entity distributing Japanese and/or giant knotweeds for sale within the state, must have information directly affixed to the plant or container packaging that it is being sold with, indicating that it is unadvisable to plant this species within 100 feet of a water body or its designated flood plain as defined by Minnesota Statute 103F.111, Subdivision 4.
4. **Japanese Barberry Cultivars** (*Berberis thunbergii* DC.)  
These cultivars average greater than 600 seeds per plant and will begin a three-year phase-out period in Minnesota beginning January 1, 2015:
  - 'Angel Wings' • 'Antares' • var. *atropurpurea* • 'Bailtwo' (*Burgundy Carousel*®) • 'Monomb' (*Cherry Bomb*™)
  - 'Crimson Velvet' • 'Erecta' • 'Gold Ring' • 'Bailsel' (*Golden Carousel*®; *B. koreana* × *B. thunbergii* hybrid) • 'Inermis' • 'Bailgreen' (*Jade Carousel*®) • 'JN Redleaf' (*Ruby Jewel*™) • 'JN Variegated' (*Stardust*™) • 'Kelleris' • 'Kobold' • 'Anderson' (*Lustre Green*™) • 'Marshall Upright' • 'Painter's Palette' • 'Pow Wow' • 'Red Rocket' • 'Rose Glow' • 'Bailone' (*Ruby Carousel*®) • 'Silver Mile' • 'Sparkle' • 'Tara' (*Emerald Carousel*®; *B. koreana* × *B. thunbergii* hybrid) • Wild Type (parent species – green barberry)**At the end of the phase-out period (December 31, 2017), these cultivars will become Restricted Noxious Weeds in Minnesota and will be illegal to sell and propagate.**
5. **Amur Maple** (*Acer ginnala* Maxim.)  
Sellers shall affix a label that advises buyers to only plant Amur maple and its cultivars in landscapes where the seedlings will be controlled by mowing or other means. Amur maple should be planted at least 100 yards from natural areas.

### County Noxious Weeds

County Noxious Weeds are plants that are designated by individual county boards to be enforced as prohibited noxious weeds within the county's jurisdiction and must be approved by the Commissioner of Agriculture, in consultation with the Noxious Weed Advisory Committee. Each county board must submit newly proposed County Noxious Weeds to the Minnesota Department of Agriculture for review. Approved County Noxious Weeds shall also be posted with the county's general weed notice prior to May 15<sup>th</sup> each year. Counties are solely responsible for developing County Noxious Weed lists and their enforcement. **Contact your local County Agricultural Inspector or Designated Employee for more information on County Noxious Weeds**  
[www.mda.state.mn.us/plants/pestmanagement/weedcontrol/cailist.aspx](http://www.mda.state.mn.us/plants/pestmanagement/weedcontrol/cailist.aspx)

### Adding species to County Noxious Weed Lists

It is up to an individual county to determine if they will have a designated county noxious weed list and the process for selection of species to be added to the list. If the county board of commissioners establishes a county noxious weed list, townships wanting to add species should pass a resolution with the county's Township Association showing that the representative of townships for that county are in favor of adding a particular species and enforcing it. This resolution can then be submitted to the County Agricultural Inspector or Designated Employee for that jurisdiction. It is still up to the county board of commissioners to decide if they want to list and enforce any species submitted to them via the township association or other entities. Minnesota Department of Agriculture approved County Noxious Weed Lists can be enforced by authorized agents of the commissioner under the MN Noxious Weed Law as outlined in *Minnesota Statutes 18.80 – 18.81*.

Townships can also use their local ordinance process to regulate plant species that are not listed by the county or state. Enforcement of species listed via a municipal ordinance is the responsibility of municipal authorities and cannot be regulated under or associated with the MN Noxious Weed Law - *MS 18.75 – 18.91*.
