Re: Brian Kletscher Request to remove 5 acres from CRP Contract #10112 in Section 22 SW1/4, Vesta Township, Redwood County, State of Minnesota.

To: Redwood County COC,

I am requesting removal of 5 acres from CRP Contract #10112 in Section 22 SW1/4, Vesta Township, Redwood County, State of Minnesota. I plan on including this in my gravel extraction permit through Redwood County and feel it is important that this is removed at this time. This removal would be 175 feet wide by the length of 1300 feet, the length of the current CRP land which I have calculated through GIS Beacon software.

If you have any questions or need more information, please let me know.

I can be reached at:

Brian Kletscher Extraction Reclamation Cost for Permit

Pit area will be reclaimed to grass

Reclamation Grading Cost	\$ 1,800.00 per acre	\$ 18,540.00
Seed Cost {Grass seed, oats, prep, seeding}	\$ 300.00 per acre	\$ 3,090.00
total cost for reclamation		\$ 21,630.00

The natural habitat of the area that is disturbed will be restored, as much as possible, resulting in grass land. This will be done by being careful not to disturb any more land that is necessary for the removal of the gravel and sand.

The reclamation plan includes the following aspects:

1. The site shall be graded so that it is in substantial conformance with the proposed contours, in as much as it is possible.
2. Water drainage will flow into the gravel pit area and be contain for wildlife.
3. All slopes will be at a 2:1, utilizing topsoil from stripping of the topsoil prior to extraction of gravel and sand
4. A minimum of 3 - 4 inches of topsoil will be place on all distrubed areas.
5. A suitable vegetation consisting of legumes and grasses will be planted. Parts may be returned to farm land.

Conditions for Permit No. 11-26 (Brian Kletscher)

1. The permit holder shall comply with all applicable laws, rules, and regulations, including but not limited to Redwood County Zoning Ordinance, as hereafter amended from time to time. The permit holder shall abide by all MSHA requirements.
2. The permit holder shall contact all relevant local, state, and federal authorities/entities and inquire as to whether a permit and/or license is required. If a permit and/or license is required, the permit holder shall apply for and obtain any and all required permits and/or licenses. A copy of all such permits and/or licenses shall be provided to the Redwood County Environmental Office upon request.
3. The permit holder shall allow the Redwood County Environmental Office to inspect the site for all purposes permitted by law whenever deemed necessary by the Redwood County Environmental Office.
4. The permit holder shall comply with all federal, state and local laws and rules regarding wetlands.
5. The permit holder shall obtain approval for all haul roads from the local road authority.
6. The permit holder shall have proper warning signs posted along CSAH 10 during times that material is being hauled into or out of the site. The warning signs shall conform to the requirements and guidelines provided in the Minnesota Manual on Uniform Traffic Control Devices.
7. The permit holder shall enter into and abide by a written agreement with the Vesta Township Board regarding repair and maintenance of township roads damaged by hauling to and from the permitted site.
8. All waste and refuse generated by or from the interim use must be disposed of in the manner provided by the applicable local, state, and federal statutes, rules, and regulations. A copy of all disposal records and receipts must be kept on file for no less than five (5) years and provided to the Redwood County Environmental Office upon request.
9. The permit holder shall not allow the extraction interim use to be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted. The permit holder shall not allow the extraction interim use to impede the normal and orderly development and improvement of surrounding vacant property for uses predominant to the area.
10. The permit holder shall not exceed the boundary limits described and set forth in the *Application for Extraction Interim Use Permit*. The permit holder shall keep any pit, excavation, or impounded waters within the limits for which the permit is granted.
11. Adequate measures shall be taken on both the gravel pit site and also on various haul roads used to prevent or control offensive odor, fumes, dust, noise and vibration, so that none of the foregoing will constitute a nuisance now or in the future.
12. Hours of operation shall be 7:00 a.m. to 7:00 p.m., Monday through Saturday.
13. Any other equipment (i.e. hotmix plant, etc.) other than excavation and aggregate processing equipment to be used at the site shall require a new interim use permit. The excavation site shall not be used for a demolition site unless the permit holder obtains the proper permits from the State and Minnesota and Redwood County.

14. Adequate access roads, drainage, and other necessary facilities shall be provided at all times and shall continue to be provided by the permit holder now and in the future.
15. The permit holder shall at all times properly guard and keep any pit or excavation in such condition so as not to be dangerous from caving or sliding banks.
16. The permit holder shall properly drain, fill, or level any pit or excavation after created so as to make the same safe and healthful which shall be determined by the Board of Commissioners. The permit holder shall grade the site after the excavation and extraction has been completed so as to render it usable. The site shall be reclaimed according to the reclamation plan attached to the *Extraction Interim Use Permit*, reserved topsoil spread on the site and thereafter seeded with approved seed where required to avoid erosion and an unsightly mar on the landscape. The site shall be clean and free of all debris, including stockpiles, when the *Extraction Interim Use Permit* reaches its completion date.
17. The permit holder shall post a bond or irrevocable letter of credit in the amount of \$52,340.00 as security to Redwood County. Further, the bond or irrevocable letter of credit shall remain in full force and effect for a minimum of one year beyond the completion date of *Extraction Interim Use Permit*. The completion date of this permit shall be September 2, 2036.
18. The permit holder shall maintain bodily injury, property damage, and public liability insurance in the amount of at least \$1,500,000.00 per occurrence during the life of the extraction operation and shall provide proof of the same to the Redwood County Environmental Office.
19. The Redwood County Planning Commission shall review the extraction interim use permit and shall be authorized to take any and all necessary action(s), including but not limited to revoking the extraction interim use permit and/or requiring the permit holder to reapply for an extraction interim use permit, if: 1) The Redwood County Environmental Office acquires information previously unavailable that indicates the terms and conditions of the permit do not accurately represent the actual circumstances of the permitted facility or the extraction interim use; 2) It is discovered subsequent to the issuance of the permit the permit holder failed to disclose all facts relevant to the issuance of the permit or submitted false or misleading information to the Redwood County Environmental Office, the Redwood County Planning Commission, or the Redwood County Board of Commissioners; 3) The Redwood County Environmental Office determines the permitted facility or extraction interim use endangers human health or the environment; and/or (4) The permit holder violates any of the herein described conditions, the Redwood County Ordinances, State statutes, or Federal laws.

Extraction Interim Use Permit Application #11-26

August 25, 2026

FINDINGS OF FACT

ORDINANCE CRITERIA – The Planning Commission may recommend the granting of an Interim Use Permit in any district provided the proposed use is listed as an interim use for the district and upon a showing that the standards and criteria stated in this Ordinance will be satisfied and that the use is in harmony with the general purposes and intent of this Ordinance and the Comprehensive Plan.

In determining whether the proposed use is in harmony with the general purposes and intent of the Ordinance and the Comprehensive Plan, the Planning Commission shall consider and make findings on the following questions:

- 1) What potential health safety and welfare impacts were raised at the hearing and why will they, or why won't they, impact the neighboring residents?

- 2) What potential impacts on area property uses were raised at the hearing and why will they, or why won't they, impact the use and enjoyment of other property in the area?

- 3) What potential impacts on property values or future development were raised at the hearing, and why will they, or why won't they, impact the neighboring properties?

- 4) What infrastructure is needed to support the proposed use and how will it be provided?

- 5) How do the goals, purpose and policies of the Zoning Ordinance and Comprehensive Plan apply to the proposed project?
